

Empower to Employ 2026.

Student Pack- Group 4D

It is nearly time, **Empower to Employ 2026** is a little over ten days and we are thrilled to have you join us. This booklet has key information that will be important to you to help the day run smoothly for you, including the long-awaited **Challenge** you and your team will be hacking for. So, without further ado, here we go.

You are part of **Group 4D** and your team will be focused on the challenge theme of **Data**. This is a very important topic for many businesses, Bupa, Universities and Students alike. We are hoping you can help provide some great ideas that will help us go some way into solving this issue. Remember small changes make a big impact.

Your challenge is framed in what we call in the design thinking world as a **How Might We** statement. More information [here](#) on what that means. So, let's get right to it, what do we need to help us with?

Your Challenge: How can Bupa use data to create more personalised and valuable health experiences, while building a trusted value exchange that encourages customers to share more about their needs and preferences?

Now that you have your challenge, you will need to solve this with your amazing hackathon team and of course your subject matter expert or as we like to call them – **Hack Challenge Expert** for the day. You may have already connected, but here is a little reminder if who your team are please get in touch with them and plan to catch up:

Hack Challenge Expert /s: Wei Gu/ Francis Pham/ Leon Isaacs/ Sean Tan			
Your Teammates:			
Name	Surname	Contact Email	Course of Study
Vanesa	Reategui	vreateguigut@student.unimelb.edu.au	Bachelor of Design majoring in Computing and Software Systems
Wanke	Li	wankel@student.unimelb.edu.au	Master of Management (Accounting)
Jing	Huo	jinghuo@student.unimelb.edu.au	Master of Information and Technology
Niyuan	Yang	niyuany@student.unimelb.edu.au	Bachelor of Science majoring in Data Science
Sayali	Amarasena Kamburugamuwa Liyanawaduge	sayaliamarasena.amarasena@student.unimelb.edu.au	Bachelor of Arts majoring in Economics
Xuanchen	Zhu	xuanchenz@student.unimelb.edu.au	Master of Software Engineering

To be successful on the day, you need to know how you will be judged. Below are the judging criteria to help you. We are using the **DVF framework** which is used a lot in design thinking. [Here](#) is a link to help you understand that this looks like. As you are not Bupa Employees and have limited access to our internal workings, whilst **Feasibility** and **Viability** is important, **Desirability** will be a major focus for you and the judges.

Judging Criteria

- The judging pitch criteria are divided into four components: Desirability, Viability, Feasibility & Presentation. Judges: you will need to evaluate on a scale from 1 to 5, where 1 is the lowest and 5 is the highest.
- Show your work, will be assessed from the evidence at the event itself and not pitches, judges do not need to complete this (grey).
- Calculate final tally and add comments and reflections.
- Collaborate with your judging panel to decide on the top one team and why they were the best on the day.

Criteria	Component	1	2	3	4	5	Comments	
DVF	Desirable: Rate how the idea addresses a real customer need or business problem							Instructions: Marks for this criterion will be doubled.
	Viable: Rate financial sustainability, scalability and long-term value							SHOULD WE BUILD THIS? Strategic value: Does this idea align with Bupa's goals and offer benefits worth pursuing?
	Feasible: Rate understanding of the industry, business, and technology? Is it realistic to implement?							CAN WE BUILD THIS? Capability: Do we have the necessary skills and knowledge to build and operate this solution
Presentation	Clarity and Structure: Is the presentation well-organised, clear, and easy to follow-including Q&A.							
Show Your Work	Evidence: Has the team clearly collaborated and documented their thinking process through completion of canvases?							
Total								

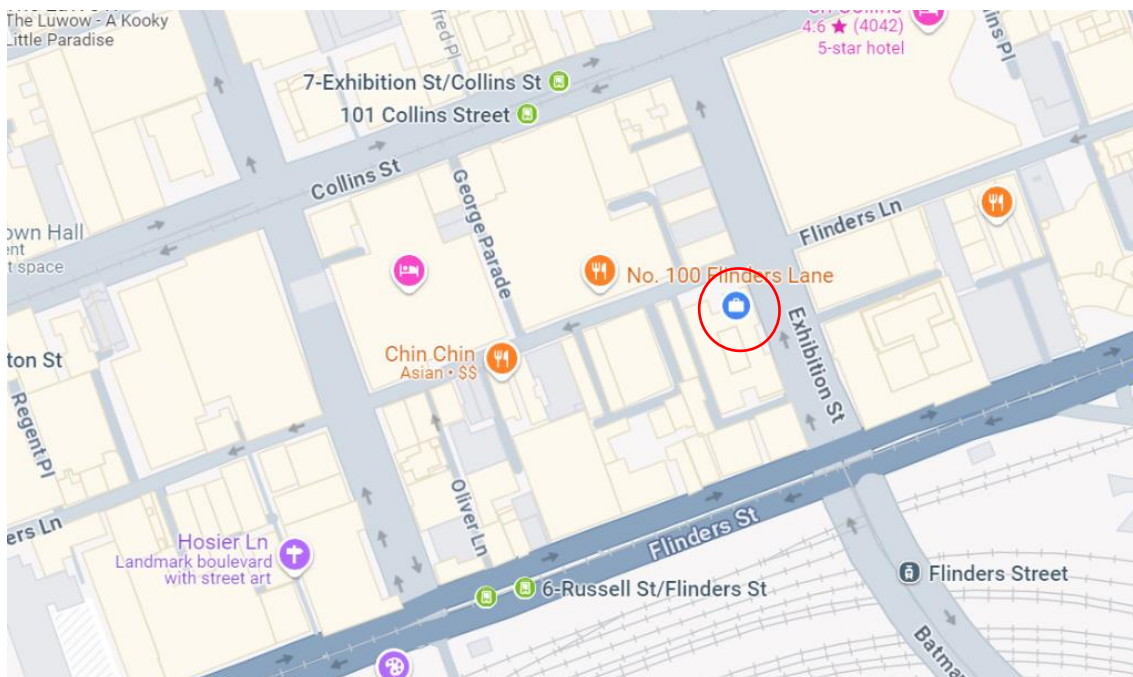

Now we have provided you with your challenge, the next section of information is all focused on the event day. This section is where you will find all the details to help you have a smooth day.

Event Location:

The event will be held at Bupa Head Office in Melbourne CBD. The address is:

Bupa Campus, Level 13, 33 Exhibition Street
Melbourne, VIC 3000.

Google Map Information: [33 Exhibition St - Google Maps](#)

Parking

If you are choosing to drive, the closest parking location is Wilsons Parking, 11 Exhibition Street, Melbourne.

[11 Exhibition St, Melbourne](#) | [11 Exhibition St Car Park \(wilsonparking.com.au\)](#)

Please keep in mind this is an expensive option so please do your own research on the price and availability. You may need to book in advance.

An alternative option that provides early bird parking for \$18 is AC/DC Garage, 113 Flinders Lane, Melbourne.

[MEL: ACDC Garage](#) | [Centro Parking \(centro-parking.com.au\)](#)

This carpark is a 2-minute walk down Flinders Lane to our building.

Transport

If you're using public transport,

- The nearest Train Station is Parliament Station.
- The nearest Tram Stop is 7-Exhibition St/Collins St (Melbourne City Line: 11, 12, 48)

Registration Requirements:

- Check-in at the reception is required to get a ticket with the QR code to enter the Bupa building. You should have received a registration email from SINE which asks you to do the pre-registration. Please check the junk mail if it is not in your inbox. Once the pre-registration is done, you should receive another email with the QR code, and you just need to scan the QR code in the reception to print the ticket.

Event Arrival Time

On the day, we will be having a staggered arrival and check in time.

Your designated arrival time is: **8:30am**.

Please plan to arrive early to allow time for registration and settling in.

Event Check In (signing in and out)

Prior to the Hack Day you will receive an email with a QR Code. Please make sure you have this QR Code available on your phone.

1. When you arrive you will be greeted by Experience Directors dressed in Blue who will guide you to the check in station. Please have your QR Code Ready to scan.
2. Scan the QR Code
3. The check in station will take a photo of you and print a sticker out.
4. Please ensure sticker is always visible throughout the door.
5. Our Experience Director will guide you to Level 13 of the Bupa Campus, where the event will be held.

If you wish to leave the building at any time, please advise an Experience Director who will sign you out. We need this information in case of an emergency.

Key Contacts

If you are lost or running late you can reach out to one of our key contacts via phone.

Deleine Gavin-Cox
Head of Partnership Enablement
Phone Number: 0413 117 346
Email: deleine.gavincox@bupa.com.au

Zelda Zheng
Partnership Enablement Manager
Phone Number: 0437 097 172
Email: Zelda.zheng@bupa.com.au

Emergency Evacuation Information

In the unlikely event of an emergency, you will be provided with this information. Please listen to your facilitators and experience directors and follow the designated evacuation route.

Follow the nearest exit signs to evacuate the building safely. Do not use elevators.

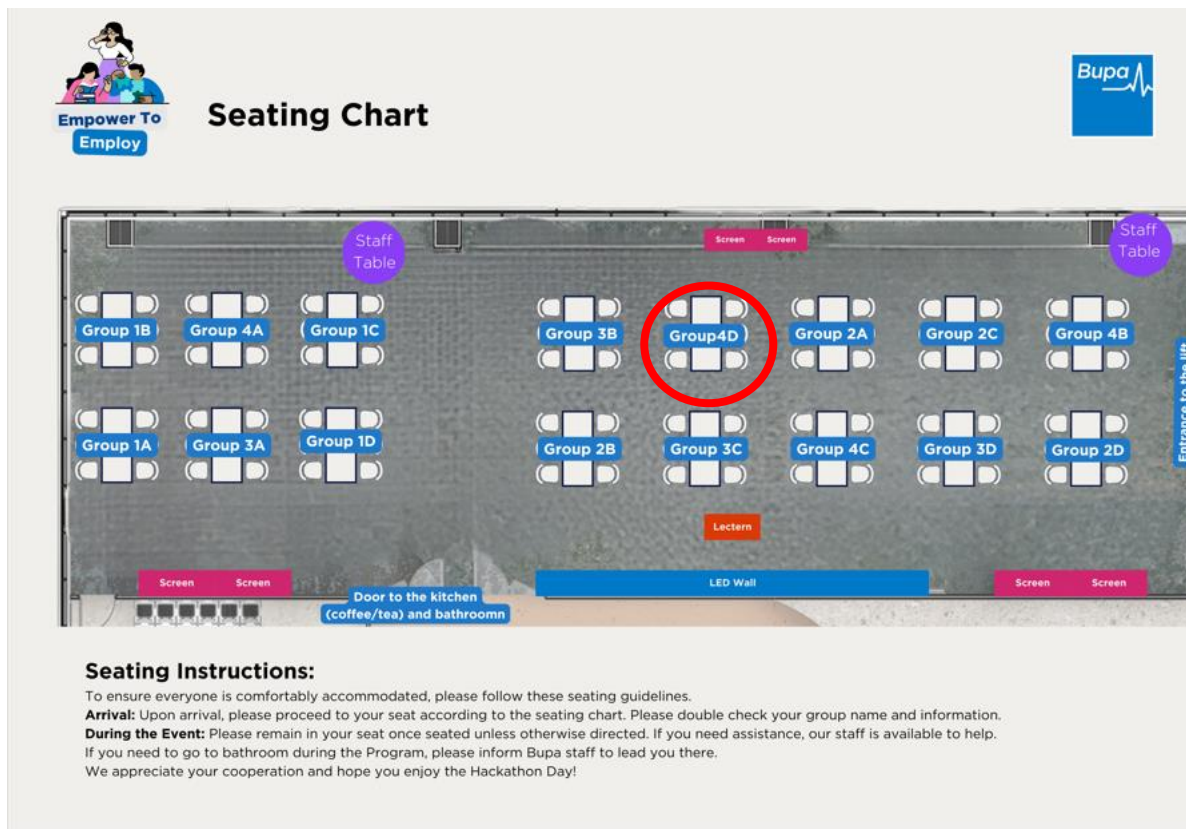

Proceed to the designated assembly points located at 33 Exhibition Street, Melbourne. This is where we will account for all participants.

Emergency Contacts: If you are unable to evacuate, call Deleine or Zelda and provide your location.

Please familiarise yourself with the emergency exit routes and assembly points upon arrival.

Seating Chart

You have been designated a table for your team. Please see below the seating chart for the Learning Space.

Seating Chart

Seating Instructions:

To ensure everyone is comfortably accommodated, please follow these seating guidelines.

Arrival: Upon arrival, please proceed to your seat according to the seating chart. Please double check your group name and information.

During the Event: Please remain in your seat once seated unless otherwise directed. If you need assistance, our staff is available to help. If you need to go to bathroom during the Program, please inform Bupa staff to lead you there.

We appreciate your cooperation and hope you enjoy the Hackathon Day!

Bathrooms

Bathrooms are located on Level 13, and the access doors will remain unlocked throughout the day so a pass will not be required.

As there are limited facilities available, we encourage students to use the bathrooms as needed rather than waiting until scheduled breaks. This will help avoid congestion in the bathroom area during peak time.

Catering

We will be providing you with grab and go snacks and drinks throughout the day for you to eat as you wish. This is to allow for you to support your team and make the most of the day without going hungry. We will provide more healthier options during lunch. We have factored in special dietary requirements, and they will be available separately near the catering station.

Your Hack Crew

To make your day easier, we have a team of volunteers who are helping to support you. Each team member will be wearing a specific colour t-shirt, so they are identifiable.

- Hack Facilitator: Orange
- Hack Coach: Gold
- Hack Challenge Expert: Green
- Hack Navigator: Blue
- AV Innovator: Pink

Their roles are below:

Hack Facilitator is the design thinking facilitator. The facilitator will be facilitating the whole day and keeping students on task. From ideation to pitch, our facilitator will be responsible for turning great thinking into winning ideas.	Hack Coach are design thinking experts. Our coaches will be roaming their zones and helping students to achieve awesome ideas. From ideation to pitch, Our coach will be responsible for supporting teams with prompts and turning students being stuck into amazing thinking.	Hack Challenge Expert are our subject matter experts. They will be roaming throughout the day to help their teams progress. From answering questions to connecting teams with other experts from Bupa, they will help this hack feel seamless and students feel confident in understanding their challenge.	Hack Navigator will be our jack of all trades to make this a wonderful experience for our hackers. From helping hungry be fed to guiding students to the hack zone and judging rooms, you will be the guiding light.	AV Innovator is the tech person of all thing's technology at the Bupa campus. December will be supporting us on the day to set up the AV/Mic in the rooms
--	--	---	--	---

Agenda for the day

The Hack Facilitator will be running the day and will take you through the agenda but below is a high-level overview of what to expect on the day.

Event	Time
Arrival & Check In	7.40am-8.30am
Volunteer Briefing	8.30am-8.45am
Welcome	8.45am-9.00am
Morning Session	9.00am-11.45am
Lunch	11.45am-12.15pm
Afternoon Session	12.15pm-4.00pm
Pitch Time	4.00pm-4.40pm
Judging Time	4.40pm-5.00pm
Winners Announcement & Closing	5.00pm-5.30pm

Pitching Agenda

Each team will have **three minutes to pitch** and **three minutes for Q&A** with the judges. The remaining time will be used to move teams from the judging room back to the Learning Space.

Your team pitch time is as per below:

Agenda	Challenge 1: Sustainability (Open Collab Space-Longevity)	Challenge 2: Customer Experience (Closed Collab Space)	Challenge 3: Health (Open Collab Space-Strength)	Challenge 4: Data (Replenish Focus Zone)
4pm-4.10pm	1A	2A	3A	4A
4.10pm-4.20pm	1B	2B	3B	4B
4.20pm-4.30pm	1C	2C	3C	4C
4.30pm-4.40pm	1D	2D	3D	4D
4.40pm-5.00pm	Judging Time			
5.00pm-5.20pm	Winners Announcement			
5.20pm-5.30pm	Closing			

Teams will be guided by Hack Navigators in Blue from the Learning Space to different Judges Rooms. We ask that your teams are ready to be taken to the Judges room 10 minutes before your scheduled pitch time.

Judges Information

Your judge will Professor **Uwe Aickelin**, Head of School of Computing and Information Systems at the University of Melbourne and **Sharon Naidoo**, General Manager Claims Intelligence & Healthcare Funding at Bupa

Privacy and NDA

As a gentle reminder, please do not share any Bupa information externally or on social media, in line with our privacy and confidentiality obligations.

Q&A

If you have any questions before or during the event, please don't hesitate to reach out to **Del, Zelda, or Xenia**. They will be available throughout the day to provide guidance and support as needed.
